

CONTENTS

RAPID COMMUNICATIONS

- Prolonged treatment with N-acetylcysteine and L-arginine restores gonadal function in patients with polycystic ovary syndrome
A. Masha, C. Manieri, S. Dinatale, G.A. Bruno, E. Ghigo, and V. Martina 870
- Pluripotent stem cells isolated from human amniotic fluid and differentiation into pancreatic β -cells
L. Trovato, R. De Fazio, M. Annunziata, S. Sdei, E. Favaro, R. Ponti, L. Marozio, E. Ghigo, C. Benedetto, and R. Granata 873

ORIGINAL ARTICLES

- Intensive insulin therapy reduces the urinary intercellular adhesion molecule-1 excretion in patients with Type 2 diabetes mellitus
Z. Sun, S.-Ye, Y. Qian, and L. Sui 877
- The relation of adiponectin and tumor necrosis factor α levels between endothelial nitric oxide synthase, angiotensin-converting enzyme, transforming growth factor β , and tumor necrosis factor α gene polymorphism in adrenal incidentalomas
E. Harman, M. Karadeniz, C. Biray, A. Zengi, S. Cetinkalp, A.G. Ozgen, F. Saygili, A. Berdeli, C. Gündüz, and C. Yilmaz 881
- Relationship between stress hormones and immune response during high-altitude exposure in women
A. Ermolao, G. Travain, M. Facco, C. Zilli, C. Agostini, and M. Zaccaria 889
- Effect of canrenone and amiloride on the prooxidative effect induced by aldosterone in human mononuclear leukocytes *in vitro*
C. Fiore, P. Sartorato, E. Pagnin, E. Ragazzi, L.A. Calò, and D. Armanini 895
- The role of thyroid autoantibodies in the etiology of endemic goiter in schoolchildren of Isfahan, Iran
N. Khalili, M. Hashemipour, A.H. Keshteli, M. Siavash, and M. Amini 899
- Growth hormone response to physical exercise in growing patients with classic congenital adrenal hyperplasia
C. Bizzarri, G. Ubertini, F. Crea, D. Colabianchi, S. Loche, L. Ravà, and M. Cappa 903
- Changes in insulin levels following 6-month treatment with recombinant human growth hormone in growth hormone-deficient adults
D. Valle, M.N.D. Di Minno, V. Palmieri, S. Pezzullo, F. Cirillo, C. Di Somma, G. Di Minno, and G. Lombardi 908
- Two-year follow-up of thirty-two non-functional benign adrenal incidentalomas
H. Yılmaz, N.B. Tütüncü, and M. Şahin 913
- Metabolic and cardiovascular profile in patients with Addison's disease under conventional glucocorticoid replacement
R. Giordano, S. Marzotti, M. Balbo, S. Romagnoli, E. Marinazzo, R. Berardelli, G. Migliaretti, A. Benso, A. Falorni, E. Ghigo, and E. Arvat 917
- Comparison of pegvisomant and long-acting octreotide in patients with acromegaly naïve to radiation and medical therapy
E. Ghigo, B.M.K. Biller, A. Colao, I.A. Kourides, N. Rajcic, R.K. Hutson, L. De Marinis, and A. Klibanski 924

COMMENT

- Epidemiology, diagnosis, and treatment of male hypogonadotropic hypogonadism
A. Lenzi, G. Balercia, A. Bellastella, A. Colao, A. Fabbri, C. Foresta, M. Galdiero, L. Gandini, C. Krausz, G. Lombardi, F. Lombardo, M. Maggi, A. Radicioni, R. Selice, A.A. Sinisi, and G. Forti 934
